

Colliers Croft Haydock

Colliers Croft is a purpose built 62 bed residential care home, owned and operated by Highpoint Care Ltd. Shops and local amenities are in close proximity and it is conveniently well placed for transport links.

Colliers Croft has been carefully designed to offer a spacious, warm and secure environment which enables residents to enjoy an enriched quality of life. Our experienced and friendly staff readily assist them whilst respecting their independence, dignity and privacy at all times.

We have a welcoming reception area where administrative staff are available to assist with any enquiries and offer guidance during the admission process.

Our home provides both residential and dementia care. All bedrooms have en-suite facilities which are decorated to the highest standard incorporating a variety of colour schemes and elegant furnishings. Our rooms also offer Nurse Call systems, thermostatically operated underfloor heating, fridges, remote controlled TVs, telephone points and WiFi. We encourage residents to bring their own ornaments and pictures to personalise their rooms.
