

Damfield Gardens Maghull

Damfield Gardens is the newest addition to the Highpoint Care portfolio and is testament to the success of our vision 4 years ago.

We are extremely pleased to showcase this outstanding, superbly designed care home intended to provide outstanding levels of care for the elderly in Merseyside.

Set in ten acres of picturesque parkland, Damfield Gardens is a 67 bed residential care home. It is soon to be accompanied by 15 stunning retirement lodges and 90 contemporary apartments.

Our home provides both residential and dementia care over three floors, offering 5-star luxury living and incorporates the highest standards of care with exceptional design and the latest innovations.

We have a welcoming reception area with all communal areas decorated and furnished to the highest standard. We have invested in specially designed themed areas and have introduced a cinema lounge for the benefit of all. Our home is access controlled and CCTV has been introduced in communal areas.

All our bedrooms are en-suite and offer Nurse call systems, thermostatically operated underfloor heating, fridges, remote controlled TV's, telephone points and WiFi. Residents are encouraged to bring their own ornaments and pictures to personalise their rooms.

Not all residential care homes in Merseyside are the same. Imagine a state of the art, luxurious and efficient care home - **that is Damfield Gardens.**
